Java

Hello World!

```java
public class HelloWorld {

    public static void main(String[] args) {
        // Prints "Hello, World" to the terminal window.
        System.out.println("Hello, World!");
    }

}
```

Powershell commands

- compile java source code with javac
- follow up with checking for the *.class file
- run the java program

```
PS C:\dev\javaDev> javac .\HelloWorld.java
PS C:\dev\javaDev> gci

    Directory: C:\dev\javaDev

Mode                 LastWriteTime         Length Name
